Dear Parents/Guardians,

**PRINCIPALS COLUMN**

**Enrolments for 2017**
The College has started to make plans for the curriculum it will be offering in 2017. The gathering of accurate enrolment information is vital to the planning of classes, timetables and allotments at a school. As an example, three years ago we had two new enrolments at a particular year level which took the numbers at that year level from 26 to 28. To accommodate these two new enrolments the College had to split the group and consequently had to set up an extra English class, an extra Maths class, an extra Humanities class and so on. This is only possible if staff are available to take the classes and in our case we were not able to accommodate the extra classes into staffing allotments. Fortunately, we were able to hire a new teacher that was able to take these classes in a relatively short period but such a process normally takes about a month to implement from the day it is first advertised on the Department of Education and Training staff recruitment site. If we had not had the appropriate staff to cater for these two new enrolments we would have been forced to turn these students away, at least until we found a suitable applicant to fill the position.

What is the moral of this story? We need accurate enrolment information sooner, rather than later. In fact Corryong College is seeking enrolment information for ALL year levels for 2017 NOW!

**Parent Opinion Survey Posted to Homes!**
About 40 families received a copy of the 2016 Parent Opinion Survey either late last week or early this week. The families are chosen at random by the Department of Education and Training (DET) software program. The results of this survey along with the Staff Opinion Surveys and the Student Attitude to School Survey completed by students provides a picture of how the College is performing and highlights areas for improvement as judged by the school community. Completed surveys are not opened or analysed by the College; this is done in Melbourne.

Last year we had a response rate of 45%. This was significantly fewer from the previous year where we had a 62% return. It would be great if we could increase parent participation in 2016. The Department (DET) has indicated that a response rate of 70 to 75% is the minimum requirement to compile robust, meaningful data.

Surveys are due back by Friday 5th August – TODAY! Remember Corryong College is looking for that magic 70 to 75% return. Please ring the school if you intend to submit your survey after this date.

**Visitors to the College**
The College seeks to provide an open and friendly learning environment which values and actively encourages visitors to our school. At the same time we recognise our duty of care to ensure a safe environment for our students and staff, and we recognize our responsibility to protect and preserve our resources against theft, vandalism or misuse. All visitors are required to report to the administration office prior to undertaking any activity within the school.

Other than in the case of short inquiries or business in the administration offices, visitors will be required to sign a ‘Visitors’ book. At the end of their visit they will be requested to ‘sign out’ in the ‘Visitors book’.

The College understands that it is tempting at times for some parents to just pop in and deliver a lunch or a sport uniform or whatever without reporting to the office first but we must insist that all parents follow the College’s process at all times.

**School Levies and Charges**
With the end of Term 2, half the year is gone. Hence it is important that outstanding school levies and charges are settled as soon as possible.

School levies and charges for the Essential Education Items are as follows;

- Prep to Year 2 - $120,
- Year 3 to Year 6 - $200
- Year 7 and 8 - $210,
- Year 9 and 10 - $210

The levies and charges are more than reasonable when compared to charges issued by other schools. Payment of school levies and charges is a significant component of meeting a child’s education. We ask parents to make arrangements, as soon as possible, for payment at the College Office.

**Year 9 English**

Students will be using their single lesson on Wednesday for Spelling and Vocabulary practise. During this time they will complete word activities, test their spelling and develop an understanding of vocabulary and word choice.

Each week students will have a homework task that will assist in revising parts of speech and punctuation. Spelling tests and homework sheets will be due on the Wednesday of each week for the remainder of the term. Weekly spelling words will be printed in KIT for your assistance. Spelling sets for Wednesday 10th August

Masters of Addition.
Heath Mulligan
Zac Rixon
Will Klippel and
Nate Sheather were awarded Masters of Addition this week recognising their hard work during maths.
Just had to snap this shot. 12.50 yesterday lunch time in A1. There is the Home Economics class finishing presenting their food item, there are students writing down orders for coffee shop and there are students heating their lunch up or toasting sandwiches.

I think most of the Senior school was in here. The coffee shop team yesterday hit a new record and produced 40 iced beverages and 15 hot beverages. A great effort from a weary lot at present.

Peer Presentations
Students have been studying the Holocaust in reference to our class text ‘The Boy in the Striped Pyjamas.
Hannigan Heycox created an amazing lego representation of Auschwitz concentration camp as part of his peer presentation assignment. The model was both accurate and interesting to see.

Well done Hannigan for your effort.

Cows Create Careers
On the 2nd of August Luke Visser, an agronomist for Murray Goulburn at Kiewa, came to talk to the Year 5 and 6 students about careers in the dairy industry. An agronomist is someone who checks the dirt to see how healthy it is. The more nutritious the dirt is, the more nutritious the grass is and the more milk we will get from the cows. On average cows produce around 35 litres of milk a day if the grass they ate is nutritious.

We all went outside up onto the oval where Luke showed us one of the jobs he does when he visits dairy farms. He got his soil probe and we took it in turns to stick it in the ground and got about 10 samples of dirt from all different places on the oval. Once we got all the samples he showed us how to test them to see what type of soil it was. The soil on the oval was very sandy and wasn’t ideal for cows. Luke talked about all the different careers in the milk industry.

We did this because in class we will be doing the Cow’s Create Careers program in STEM and learning about the dairy farming industry. We will even get to take care of two calves for three weeks and learn about how they are important and vital to humans.

Joe Pitman, Tiana Whitehead and Ellie Holland
The Year 9/10 Active for Life class have planned a Mini Olympic Games to coincide with the Rio Olympic Games that are set to begin next week. This event will see students taking part in a number of novelty events that will challenge them both physically and mentally. Students in all year levels (except VCE) have been placed into teams and allocated a country that they will represent at our Olympic Games. These teams will be published early next week, and students are encouraged to dress in their countries' colours on the day of the event. Events will begin at 11:00am and go through to the end of the day. It promises to be a lot of fun, and a great way to celebrate the Olympic spirit.
Year 7 & 8 Indonesian. Week 5   Mid-
term test for Year 8 on Wednesday 10/8 and Year 7 11/8

The test will be a review of the spelling words we have studied to date and the sentences we have been practising in class using these words. To prepare for the test, students should go over their spelling words, the work in their workbooks and worksheets completed. There will also be a Quizlet game accessible from Friday called 'Mid-term review'. Students who would like extra practise or support can meet with me in H3 Friday lunchtime. Bu Ruth
